CORAL PARK PRIMARY SCHOOL HEAD LICE CHECK AND NEWSPAPER PHOTOGRAPH CONSENT FORM

Dear Parents

Coral Park celebrates many events throughout the year including Harmony Day and Crazy Hair Day. On these special occasions we often have the local media attend to take photographs of students and promote our events in the local newspapers and also in our own newsletter. Although many parents enjoy seeing their child in the newsletter and newspapers, some parents do not. We must have parent permission before allowing photographs to be printed. Below is a consent form that you may like to sign allowing your child to be photographed and their picture published in the school newsletter or local newspapers.

Although head lice is not a big problem at Coral Park if we have an outbreak or ongoing concern, we may check your child's hair for lice or the school council may employ a nurse to check hair for lice. Head lice is a recurring problem that all schools face. The management of head lice infestation works best when all children are involved in our screening program. Students must return a consent form before their hair can be checked. Please note that the law requires that where a child has head lice, that child should not return to school until appropriate treatment has commenced. If your child does have head lice, please inform the school so we can assist with managing the problem early.
