On Wednesday I went to Narre Warren South P-12 College to see what it was like at high school.
First we went to science class, we did a trick standing on balloons, but it didn’t pop.
We made juggling balls out of bird seed and balloons. It was very hard to make them but the teacher helped me. I made 3 balls they are yellow, green and red.
In cooking we made chocolate balls and rolled them in coconut. They were nice.
In plastics class we made a pencil holder out of blue plastic. I really liked making it.
I liked doing the drama class because it was fun. We had to get into 5 groups and do a play using our fingers because we were not allowed to talk.
I felt happy and excited to be going to high school at P-12.

Walk to School Fridays.

Every Friday morning students are invited to meet and walk into school with teachers and parents. The meeting places are at four parks situated around Coral Park Primary School. The Map below shows the different Park locations which are at James Wyman, Amber Drive, Peppercorn Park and Edeys Run. The New Active Pathways stickers on the paths assist students to see how far it is to walk, ride or Scoot to school at any time. For the first 4 weeks of term 4, Coral Park is also taking part in Walk to school October. This is where students mark down how they travel to school every day in the class. There will also be special activities to celebrate walking to school on Friday 21 October.

Purple Lamborghini by Israel M5
One shining morning at the zoo a panda woke from his sleep to find a guard in his little home. The guard left the door open so the panda quickly ran to the open door.
The panda went to the car park and found a purple Lamborghini. The Lamborghini was unlocked and the car had been taken.
The panda found a family that would care and feed him but the panda hid from the family. He thought they were going to be scared.
One morning the mother of the family, Tess, came up to the attic to find her shoes but panda was caught eating her shoes. So Tess screamed louder than a dinosaur and got Lowey, her husband to check it out. Lowey saw the panda and ran as fast as he could.
The next day Tess called the animal control to get a master. They didn’t come. The panda ran away with his purple Lamborghini and the owner saw his can driving fast away.
The problem was that he didn’t know how to drive. The panda got his driver’s licence 2 years later.
To be continued!
