The message of Harmony Day is our diversity is our strength. Our diversity is our strength because together we can...

Our Australian Story is diverse. We come from many countries around the world. Sharing a story is a way we can learn and understand each other.

On Tuesday 22nd March students are invited to dress in their cultural clothes, colours of the flag of their heritage or orange - the colour of Harmony Day.

Parents are invited to our assembly to watch the concert performed by students at 12:40 in the MPC.

LUNCHTIME
1:15-1:45
Come along and have lunch with your child or children in their classrooms and bring something from your culture to share.

It’s that time of year again when the Easter Bunny soon pays us a visit. Raffle tickets have been sent home with families to sell to family and friends to help raise funds for our school.

3 tickets for $1.00 or 50 cents each.
Help us put together some great prizes by donating an Easter Egg for our raffle and receive a free raffle ticket for your efforts.

Please return all tickets and money by Friday 18th March. The raffle will be drawn on Tuesday 22nd March during Harmony Day Assembly.

Make sure you put your child’s name and class on each ticket or the buyer’s name and phone number.
Please don’t allow students to door knock selling tickets.
There are only 15 tickets per family to sell, more are available if you would like to collect them from the office.

HOP TO IT AND SUPPORT OUR SCHOOL
Prep PMP Program with Senior Helpers

As part of our Student Curriculum Activities the Senior Students have the opportunity to work with the Prep students to help further develop their fine and gross motor skills. The Preps have been focusing on static and moving balance and the PMP lesson is a chance for me to accelerate their learning with one on one teaching from both myself and the senior students. The Prep students really enjoy their learning time with their senior helpers as the photos show.

The senior helpers have also been expanding their vocabulary with some movement language; explaining to the students about their centre of gravity and their hand eye coordination.
