

READY... SET... PREP!

The complete
transition
package

to ensure your
child

makes a smooth
transition into
primary school

Introduction

Welcome to Coral Park Primary School.

At Coral Park we provide an extensive Prep transition program designed to ensure your child feels safe and secure in starting their first year of school.

We understand beginning school is a big leap for both children and parents. Whilst your child is having fun making new friends and familiarising themselves with the structure of school life, we provide parents with information around topics such as School Health Nurse, Speech Support and how to assist your child during their first year of school.

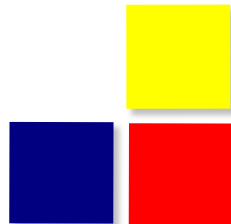

Before your child can begin the 'Ready Set Prep' program they need to be enrolled at the school.

Unfortunately, school tours are unavailable due to COVID restrictions. As soon as the Department of Education permits us to operate these again we will notify our community via the school's Facebook page as well as on our school website. When tours are operating, you will be able to observe our current Prep classrooms in action and find out more about our learning programs. During the tour you will have the opportunity to ask questions and discuss your child's needs.

We look forward to sharing your child's learning journey with you.

Justin Thompson

Principal

Program Overview

Our program consists of three stages.

Stage One: Ready.....

Dates for transition will be sent home once enrolments are received.

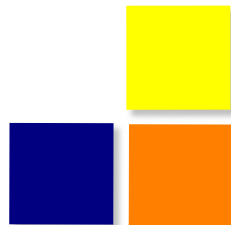

Students are invited to attend two allocated sessions of 45mins each.

Please contact the office on 9702 8398 early Term 4 to book your allocated transition time. We encourage you to book your child in to attend the allocated sessions to help them get ready for school.

Stage Two: Set....

We offer 2 small group sessions where students are introduced to Prep life. They will participate in hands on Literacy and Numeracy activities similar to those done in a Prep classroom. Students will produce some pieces of work to take home to show parents what they have done during the session.

All students are encouraged to attend these sessions to begin to familiarise themselves with the school and staff as well as start to make some new friends.

Stage Three: Prep....

In the last two sessions your child will find out who is in their class for the following year. They will meet some of their classmates and all efforts are made for them to also be introduced to their teacher.

The students will participate in class Literacy, Numeracy and fine motor activities and will be introduced to the school values and routines of the classroom. They will be required to bring snack and/or lunch and a hat as they will be allowed to go outside to play in our dedicated Junior play area, an area just for Prep, Year one and two students. This is a very exciting time for students as they begin to form friendships and become familiar with the routines of school life. It is expected that all children attend these sessions. If they are unable to, please contact us.

Your child will also receive a Prep pack that is filled with goodies which will help them on their journey into Prep the following year. Please use the 'Countdown to Prep' calendar over the holiday time to help your child to familiarise themselves with independently doing daily classroom tasks and practise some counting and writing activities.
