

# Prep Transition

Thank you to all of the families and future Preps who have attended the transition sessions so far. The children are settling in really well and are making many new friends. A friendly reminder that we have one more transition session for this year. Please see the details below.

This session will help your child with a smooth transition into school, gaining some independence, working in their classroom space, getting to know other children in their grade and to meet their Prep teacher for next year.

Students must be signed in on arrival and signed out when leaving by a parent or guardian from the drop off and pick up location.

## Meet Your Teacher

Please see the details below for our final transition session where your child will meet their 2021 Prep teacher and their new grade.

### When

Thursday 10<sup>th</sup> December

### Time

9:15am-1:30pm

### Drop Off & Pick Up

L-Z Gate (Main Gate)

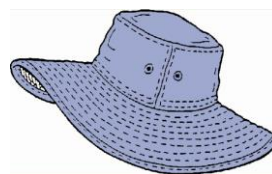

When signing in your child they will be placed into a class group **outside the hall** where they completed the previous transition sessions. Parents say their goodbyes at the hall before the students move to their classrooms with their teacher.

## What to bring

Please ensure that your child has the following items for transition:

- Hat
- Snack and lunch
- Bottle of water
- Wears appropriate footwear (closed toes)

This will help prepare your child for the expectations of school and ensure they are sunsmart when outdoors.

**We look forward to seeing your child at our 'Meet Your Teacher' session to help make sure your child is ready for an exciting year in 2021!**
